Professional Summary

Proactive and self-directed sales and business development specialist with proven experience driving new business opportunities and managing full-cycle B2B outbound pipelines. Skilled in lead generation, consultative discovery, and pipeline management using CRM tools (HubSpot). Adept at working independently in remote capacities to present professional service solutions, refine outreach strategies, and convert market engagement into qualified opportunities.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote

- Built and ran an end-to-end outbound sales system—including prospect sourcing, list enrichment, campaign sequencing, and inbox infrastructure—working entirely independently.
 - Managed the sales pipeline from lead generation to consultative discovery, generating a consistent 5–10 qualified leads per week.
 - Sourced and qualified 500+ B2B prospects using structured ICP criteria and data-scraping workflows, tracking all performance metrics to refine outreach strategies.
 - Presented targeted solutions to e-commerce decision-makers through personalized cold email sequences and AI-driven messaging, converting outreach into 3 discovery meetings.
 - Set up and maintained sender domain health (SPF, DKIM, DMARC) and mailbox warm-ups to protect email deliverability.
 - Conducted pre-meeting research and client discovery to understand prospect marketing and revenue friction points, aligning proposed solutions with their business goals.
