Professional Summary

Proactive and self-directed lead generation specialist with proven experience building and managing full-cycle B2B outbound systems remotely. Skilled in prospecting, CRM pipeline management, and consultative outreach. Adept at working independently to qualify leads, maintain accurate records, and effectively communicate complex value propositions to decision-makers.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote

- Built and ran an end-to-end outbound system from scratch—including prospect sourcing, list enrichment, campaign sequencing, and inbox/domain infrastructure—working entirely independently.
- Sourced and qualified 500+ B2B prospects using structured ICP criteria and data-scraping workflows, segmenting them for highly targeted outreach.
- Maintained a clean and organized sales pipeline, generating a consistent 5–10 qualified leads per week.
- Wrote and A/B tested cold email sequences using AI copywriting tools, iterating on subject lines and CTAs to communicate clearly and persuasively, converting outreach into 3 discovery meetings with US decision-makers.
- Set up and maintained sender domain health (SPF, DKIM, DMARC) and mailbox warm-ups to protect deliverability and ensure professional, compliant communications.
- Conducted targeted industry research (analyzing e-commerce stores for friction points) to successfully connect business owners with vetted partner agencies.
