Company: AMOX Studios s.r.o.

Role: Sales Development Representative

Dear Daniel Elkind,

With a proven track record of identifying and qualifying B2B opportunities in a 100% remote setting, I am incredibly excited to apply for the Sales Development Representative role at AMOX Studios. The opportunity to drive pipeline growth for your digital agency perfectly aligns with my background in inside sales and lead generation.

Over the past year, I successfully built and operated an independent outbound prospecting system. Working with high autonomy and minimal supervision, I researched target markets and sourced over 500 qualified B2B prospects. By initiating targeted contact via email and social channels like LinkedIn, I consistently nurtured leads and generated 5–10 qualified opportunities per week. I am deeply accustomed to maintaining accurate records and managing active pipelines in CRM tools like Salesforce and HubSpot, ensuring that every lead is professionally engaged and scheduled for a discovery meeting with the closing team.

While my pipeline generation has historically been driven by written and social channels, I possess excellent communication skills and am fully prepared to integrate phone prospecting into my daily outreach strategy. I adapt quickly to new services and feedback, and I thrive when collaborating with marketing and sales colleagues to refine outreach strategies and improve overall lead quality.

I would welcome the opportunity to discuss how my disciplined approach to prospecting can contribute to revenue growth at AMOX Studios.

Sincerely,

Daniil Kotelevets
