Professional Summary

B2B Lead Generation Specialist and BSc Multimedia Engineering student with a strong focus on the Shopify and e-commerce sector. Experienced in building end-to-end outbound systems, qualifying prospects, and writing natural, highly-targeted outreach that converts cold audiences into booked discovery calls without aggressive pitching. Adept at navigating CRM pipelines, A/B testing messaging frameworks, and identifying e-commerce conversion friction points to start peer-to-peer conversations.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote.

- Pivoted the independent practice to exclusively target the Shopify/e-commerce space, analyzing online stores for conversion issues (checkout friction, mobile page speed) to open highly relevant, non-spammy conversations.
 - Built and ran an end-to-end outbound system from scratch, managing prospect sourcing, list enrichment, and campaign sequencing with no external budget.
 - Wrote and A/B tested cold outreach sequences, iterating on messaging and conversational flow to improve open and reply rates naturally.
 - Sourced and qualified 500+ B2B prospects using structured ICP criteria, segmenting them for highly targeted outreach.
 - Generated a consistent 5–10 qualified leads per week and successfully guided outreach conversations into 3 booked discovery meetings with US decision-makers.
 - Set up and maintained sender domain health (SPF, DKIM, DMARC) to ensure high deliverability across multiple sending domains.
