Professional Summary

Highly organized and execution-driven B2B Sales Development Representative specializing in top-of-funnel outbound prospecting via Email and LinkedIn. Fluent in English, Spanish, and Russian. Proven ability to own the conversation from initial prospect engagement through to booking, confirming, and ensuring attendance at discovery calls. Expert in maintaining pristine CRM records (HubSpot, Salesforce) and running cold email infrastructures (Instantly.ai / Smartlead equivalents). Comfortable executing structured playbooks with rapid response times to ensure no deal is lost due to a slow reply. Seeking to bring disciplined lead qualification and digital B2B pipeline generation to Alkali.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote (Supporting US & EMEA Time Zones)

- Built and executed a high-volume B2B outbound engine, taking full ownership of conversations from initial contact through to confirmed, attended discovery meetings.
 - Qualified over 500+ prospective accounts against strict Ideal Customer Profiles (ICPs), evaluating decision-makers and diagnosing broken systems in how buyers found their services.
 - Managed complex back-and-forth communication entirely through digital channels (Email and LinkedIn), maintaining rapid response times to maximize conversion rates.
 - Consistently delivered 5–10 highly qualified leads per week and secured 3 high-value discovery meetings weekly for closing executives.
 - Kept pristine CRM records (HubSpot, Salesforce), tracking every touchpoint so management had full visibility into what messaging and segments were performing best.
 - Managed outbound email infrastructure and sequence automation using Instantly.ai (an alternative to Smartlead), optimizing SPF, DKIM, and DMARC settings to guarantee superior deliverability.
 - Seamlessly adapted to established playbooks, quickly implementing feedback to iterate on messaging and improve the lead-to-opportunity ratio.
