Professional Summary

Tech-savvy and highly organized B2B Sales Development Representative based in Spain, operating as an independent professional. Fluent in Spanish and English with a strong academic background in software and IT systems (Multimedia Engineering), providing the technical foundation necessary to engage CIOs and IT decision-makers. Highly experienced in building automated digital outbound pipelines, rigorously qualifying B2B opportunities (SQLs), and maintaining strict CRM hygiene. Eager to bring my disciplined opportunity generation framework to Always Partners to drive tech and virtualization projects.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote (Spain)

- Established and operated an independent B2B outbound practice, managing end-to-end lead generation and acting as an autonomous service provider.
 - Conducted deep account research to identify projects and contact key decision-makers (C-level, IT directors), sourcing and qualifying 500+ B2B prospects.
 - Designed, executed, and A/B tested highly personalized digital outbound campaigns across Email and LinkedIn, bypassing traditional barriers to reach target prospects.
 - Consistently generated 5–10 highly qualified leads (SQLs) per week and successfully converted digital outreach into 3 initial discovery meetings per week.
 - Remotely evaluated prospect needs, project timelines, and decision-making power before setting up commercial meetings for technical partners.
 - Recorded and maintained up-to-date activity and opportunity tracking utilizing CRM software (HubSpot, Salesforce) to ensure structured pipeline follow-up.
 - Configured and maintained sender domain health (SPF, DKIM, DMARC) via Instantly.ai, ensuring professional and scalable communication with target organizations.
-

Skills

- **B2B Prospecting:** Outbound Sales, SQL Generation, Lead Qualification, Campaign Building, CRM Pipeline Follow-up, Account Research
 - **Sales Tech & CRMs:** HubSpot, Salesforce, Apollo.io, Instantly.ai, LinkedIn Sales Navigator
 - **Technical Capabilities:** IT Infrastructure understanding, Python (basic scripting & data extraction), domain/email system setup
 - **Languages:** Spanish (Fluent), English (Fluent), Russian (Native)
-

Education

BSc, Multimedia Engineering — University of Alicante, 2025–2029 (Expected) *Flexible/part-time schedule structured to accommodate 100% remote independent work. Provides strong analytical skills and a solid technical foundation in computing environments, software architecture, and networking, facilitating the comprehension of Cloud, Datacenter, and Virtualization solutions.*
