Professional Summary

Target-driven B2B Lead Generation Specialist with a strong focus on the US market and English fluency (C2 equivalent). Highly experienced in initiating conversations with key decision-makers and generating high-value opportunities by setting up discovery meetings. Adept at managing pipelines within CRM platforms (HubSpot, Salesforce) and actively utilizing AI tools to optimize outreach. Offers a highly flexible schedule perfectly suited for afternoon shifts aligned with US timezones.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote, targeting US-based companies

- Wrote and A/B tested cold email sequences using AI copywriting tools (ChatGPT), iterating on subject lines and CTAs to improve open and reply rates.
 - Generated a consistent 5–10 qualified leads per week and successfully converted outreach into 3 discovery meetings directly with US decision-makers.
 - Sourced and qualified 500+ B2B prospects using structured ICP criteria and data-scraping workflows to identify high-value targets.
 - Built and ran an end-to-end outbound system from scratch — prospect sourcing, list enrichment, campaign sequencing, and inbox/domain infrastructure.
 - Set up and maintained sender domain health (SPF, DKIM, DMARC) and mailbox warm-ups to protect deliverability across multiple sending domains.
