To: Hiring Team

Company: Bigle

Role: Sales Development Representative Spain

Dear Hiring Team,

I am writing to express my interest in the Sales Development Representative position at Bigle. Your focus on integrating artificial intelligence into commercial prospecting aligns perfectly with the automated B2B outbound systems I have built from the ground up, and I am eager to bring this technical approach to your sales team in Spain. Through my independent lead generation practice (CLG Project), I designed and executed end-to-end B2B outbound campaigns. Rather than relying purely on manual research, I leveraged workflow automation (Make.com, Python) and AI tooling (Claude, ChatGPT, Antigravity CLI) to source and qualify over 500 B2B prospects against strict ICP criteria. By continuously A/B testing AI-assisted messaging and managing the pipeline in HubSpot, I generated a consistent 5–10 qualified leads per week and successfully converted outreach into 3 discovery meetings with US decision-makers.

As a current BSc Multimedia Engineering student studying on a flexible schedule, I combine strong technical literacy with an entrepreneurial drive to exceed outbound targets. I would welcome the opportunity to discuss how my hands-on experience in AI-driven B2B lead generation can help introduce Bigle's Enterprise Legal Tech solutions to high-level executives.

Sincerely,

Daniil Kotelevets
