To: Hiring Team

Company: Bizneo HR

Role: Sales Development Representative (Remote)

Dear Hiring Team,

With a proven background in B2B outbound prospecting and lead qualification, I am very excited to apply for the Remote SDR position at Bizneo HR. Based in Spain with fluent proficiency in both Spanish and English, I am perfectly positioned to help you transform HR departments across Spain and LATAM.

Over the past year, I have built a successful outbound system from scratch, independently sourcing and qualifying over 500 B2B prospects. I am highly comfortable executing rigorous qualification processes to analyze customer needs, handle objections, and successfully program meetings for the sales team. Furthermore, I am deeply accustomed to feeding and updating contact information and tasks exclusively within Salesforce, ensuring that the pipeline is always accurate and actionable.

I excel in fully remote environments and bring a strong foundation in B2B prospecting to the table. I would welcome the opportunity to discuss how my persistent approach to lead generation can help Bizneo HR connect with more companies.

Sincerely,

Daniil Kotelevets
