## Professional Summary

Tech-savvy and data-driven B2B Sales Development Representative specializing in process automation and outbound campaign execution. Fluent in English, Spanish, and Russian. Highly experienced in identifying enterprise decision-makers, enriching CRM data, and building high-converting outreach pipelines. Eager to bring my hands-on experience in automated lead generation and scalable B2B SaaS prospecting to Chino.io to expand the customer base in the European health tech space.

---

## Experience

### Founder & Lead Generation Specialist — CLG Project

*Jul 2025 – Present | Independent practice, remote (Spain)*

- Defined, built, and executed end-to-end B2B outbound lead generation campaigns from scratch, targeting corporate decision-makers in international markets.
- Implemented extensive process automation (using Make.com and Python) to scale prospecting workflows, minimizing manual data entry while maximizing outreach volume and precision.
- Sourced, enriched, and qualified 500+ B2B prospects utilizing exact ICP criteria and intelligence platforms like Apollo.io and LinkedIn Sales Navigator.
- Continuously A/B tested personalized outbound sequences (Email and LinkedIn), consistently generating 5–10 highly qualified leads per week.
- Converted outbound interest into 3 successful discovery meetings per week by executing sharp, personalized qualification methods.
- Methodically maintained and enriched CRM records (HubSpot, Salesforce) to guarantee pristine data quality and accurately plan next actions.
- Managed complex email infrastructure and sender domain health (SPF, DKIM, DMARC) via Instantly.ai, ensuring top-tier deliverability for all automated outreach.

---
