Role: Professional Sales Development Representative

Dear Hiring Team,

I am writing to apply for the Sales Development Representative position at Connexu.io. Your mission to cut through a cluttered marketplace and facilitate qualified meetings with C-Suite decision-makers is exactly what I do every day in my own outbound practice, and I am eager to bring that discipline to your Healthcare B2B clients.

As the founder of an independent lead generation practice (CLG Project), I operate entirely autonomously to drive top-of-funnel revenue. I built an end-to-end outbound system from scratch, utilizing strict ICP research and A/B testing to open conversations with busy executives. This structured approach allowed me to source over 500 qualified prospects, generate 5–10 qualified leads per week, and secure discovery meetings with US decision-makers. I thrive on the challenge of "conversational chess"—understanding a prospect's pain points and smoothly guiding the interaction toward a booked meeting without relying on aggressive pitches.

While my recent campaigns have focused on digital outbound (Email and LinkedIn) within the e-commerce space rather than phone prospecting in Healthcare, the foundational skill of engaging decision-makers and overcoming objections remains exactly the same. I am highly adaptable, fully comfortable working as a remote 1099 contractor, and ready to learn your dialing systems to master the Healthcare B2B market.

Sincerely,

Daniil Kotelevets
