## Professional Summary

Proactive Junior Business Development professional with a strong foundation in B2B market research, lead generation, and technical sales support. Native Russian speaker with fluent English, possessing a deep understanding of digital prospecting tools and pipeline building. Combining a structured, data-driven approach to outbound outreach with a technical academic background (Multimedia Engineering), eager to support senior commercial leaders at Destinus in identifying and developing strategic defense and aerospace opportunities across Eastern Europe.

---

## Experience

### Founder & Lead Generation Specialist — CLG Project

*Jul 2025 – Present | Independent practice, remote*

- Built and managed an end-to-end B2B outbound system from the ground up, identifying new commercial opportunities and decision-makers in international markets.
  - Conducted deep market research, sourcing and qualifying 500+ B2B prospects using structured ICP criteria and intelligence tools like Apollo.io and LinkedIn Sales Navigator.
  - Designed and executed rigorous cold email and LinkedIn sequences, utilizing A/B testing to capture the attention of C-level executives and key stakeholders.
  - Consistently generated 5–10 highly qualified leads per week and successfully secured 3 discovery meetings per week to build a robust commercial pipeline.
  - Maintained accurate information on opportunities, customer interactions, and next steps using CRM software (HubSpot, Salesforce), ensuring smooth handovers to senior partners.
  - Set up and maintained sender domain health (SPF, DKIM, DMARC) via Instantly.ai, guaranteeing reliable professional communications at scale.
  - Supported the full front-end commercial cycle, from initial opportunity identification and research to the handover of qualified discovery meetings.
-
