Professional Summary

Proactive and goal-oriented B2B Lead Generation Specialist with proven experience targeting the US market and building highly qualified sales pipelines. Skilled in identifying decision-makers, setting up robust outbound email and LinkedIn workflows, and managing CRM data to continuously nurture potential customers. Eager to bring structured, data-driven prospecting techniques to Eurovensys to drive pipeline growth for innovative HealthTech software solutions.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote

- Built and ran an end-to-end outbound system from scratch targeting US-based companies (Home Services and E-commerce) with no initial team or budget support.
 - Sourced and qualified 500+ B2B prospects using structured ICP criteria and data-scraping workflows, segmenting decision-makers for highly targeted outreach.
 - Designed and executed systematic outbound campaigns (Email and LinkedIn), consistently generating 5–10 qualified leads per week to fill the partner pipeline.
 - Converted outbound efforts into 3 successful discovery meetings with US-based decision-makers, facilitating qualified introductions to partner digital agencies.
 - Wrote and A/B tested cold email sequences to improve open and reply rates, effectively building rapport and assessing client needs remotely.
 - Managed prospect data, outreach tracking, and lead qualification statuses rigorously using CRM tools (HubSpot, Salesforce) to maintain pipeline hygiene.
 - Set up and maintained sender domain health (SPF, DKIM, DMARC) and mailbox warm-ups to protect deliverability and ensure reliable contact with potential clients.
