To: Selene Martínez Fernández & Hiring Team

Company: Fastrack

Role: Business Development (Tech & Innovation) / Commercial Hunter

Dear Selene Martínez Fernández,

With a relentless "Hunter" DNA and a proven track record of autonomous B2B prospecting, I am incredibly excited to apply for the remote Business Development position at Fastrack. The opportunity to open new accounts with C-Level executives and scale relationships for a globally recognized tech publication perfectly matches my commercial ambitions.

Over the past year, I have successfully operated my own independent B2B lead generation practice. Relying strictly on my own initiative in a 100% remote setting, I built an end-to-end outbound system from scratch. I am highly proficient at utilizing LinkedIn Sales Navigator and CRM platforms (Salesforce, HubSpot) to execute high-volume outreach campaigns. By targeting senior decision-makers and iterating on my messaging, I successfully qualified over 500 prospects and booked discovery meetings. Furthermore, I actively leverage AI tools like ChatGPT for prompt engineering and Make.com for automation, enabling me to scale my outreach efficiently—a technical mindset that perfectly aligns with selling technology and innovation consulting.

While the role emphasizes 2-3 years of cold-calling experience, my sheer resilience, proven ability to build relationships with business owners, and massive success with automated written outreach prove my readiness to pick up the phone and execute your commercial strategy. I am deeply motivated by your target-driven compensation structure and am fully prepared to act as a high-level "door opener" for Fastrack.

Sincerely,

Daniil Kotelevets
