Role: Sales Associate

Dear Hiring Team,

I am writing to apply for the Sales Associate position at GottaLove Marketing Inc. As someone who runs an independent B2B lead generation practice, I understand exactly what it takes to identify new business opportunities and present marketing services compellingly to decision-makers. I am highly motivated to bring this exact skill set to your remote sales team.

Through my independent project (CLG Project), I took full ownership of prospecting and cultivating a client pipeline. I sourced and organized over 500 targeted business prospects, carefully tailored my messaging to their specific needs, and generated a consistent 5–10 qualified leads per week. By managing every interaction meticulously in Salesforce and Apollo.io, and presenting my services clearly during virtual meetings, I successfully converted cold outreach into 3 booked discovery calls with US executives.

While my outbound methodology relies exclusively on high-volume digital channels (Email and LinkedIn) and virtual meetings rather than traditional phone prospecting, my approach is highly data-driven and effective. I excel at managing multiple prospects, tracking results in a CRM, and working independently to meet sales targets. I am eager to apply my experience in B2B marketing services to help your clients increase brand awareness and drive sales.

Sincerely,

Daniil Kotelevets
