Professional Summary

Results-oriented Business Development professional specializing in generating qualified sales opportunities through highly targeted B2B outbound prospecting. Proven ability to research target accounts, tailor messaging, conduct initial discovery, and independently build pipeline. Adept at leveraging modern CRM systems and automated digital outreach to secure qualified meetings with US decision-makers.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote.

- Researched prospects and tailored outreach based on their specific industry and operational bottlenecks, utilizing Python and Make.com to automate target account identification.
 - Identified organizations with qualified needs and initiated discovery conversations through structured, high-volume digital channels (Email and LinkedIn sequences).
 - Clearly communicated value propositions to prospects, successfully generating a consistent pipeline of 5–10 qualified leads per week.
 - Qualified prospects based on need and organizational fit, independently converting cold outreach into 3 scheduled discovery meetings with US executives.
 - Consistently followed up with prospects and nurtured opportunities through the early stages of the sales process to ensure no pipeline was lost.
 - Maintained accurate activity, prospect, and opportunity information by managing the complete sales lifecycle in CRM platforms (Salesforce, Apollo.io, HubSpot).
 - Configured underlying outbound infrastructure (SPF, DKIM, DMARC) to guarantee deliverability and ensure reliable, consistent outreach operations.
