To: Hiring Team

Company: Hire Feed

Role: Sales Development Representative (Remote)

Dear Hiring Team,

As a highly self-motivated Lead Generation Specialist accustomed to operating as a contractor in a fully remote environment, I was immediately drawn to the remote SDR position at Hire Feed. Having built my own independent B2B lead generation practice from scratch, I possess the precise research, outreach, and CRM management skills required to set up high-quality meetings for your client's sales team.

Throughout my practice, I have rigorously researched target markets and sourced over 500 B2B prospects. Relying heavily on structured outbound outreach via Email and LinkedIn, I systematically qualified leads against predefined criteria. This disciplined approach enabled me to generate a consistent 5–10 qualified leads per week and schedule discovery meetings with busy decision-makers. Furthermore, I am highly proficient in maintaining accurate records of all outreach activities and lead statuses using HubSpot and Salesforce.

While my outreach methodology is strongly centered on scalable written channels rather than high-volume cold calling quotas, the core skills of researching accounts, qualifying interest, and booking meetings remain identical. I would welcome the opportunity to discuss how my disciplined pipeline management can contribute to the expansion of your client's technology partnerships.

Sincerely,

Daniil Kotelevets
