Alicante, Spain | +34 698 996 086 | dkotelevets2007@gmail.com | [linkedin.com/in/daniil-kotelevets-1a470a296](https://www.linkedin.com/in/daniil-kotelevets-1a470a296)

Professional Summary

Technically-minded Business Development professional and current BSc Multimedia Engineering student with an entrepreneurial background. Built and scaled an independent lead generation practice, leveraging workflow automation (Make.com, Python) and AI tooling (Claude, Antigravity CLI) to construct end-to-end B2B outbound systems. Proven ability to analyze technical web issues and present actionable business cases to decision-makers.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote.

- Built and ran an end-to-end outbound system from scratch — prospect sourcing, list enrichment, campaign sequencing, and inbox/domain infrastructure — with no team or budget support.
 - Sourced and qualified 500+ B2B prospects using structured ICP criteria and data-scraping workflows, then segmented them for targeted outreach.
 - Wrote and A/B tested cold email sequences using AI copywriting tools, iterating on subject lines and CTAs to improve open and reply rates.
 - Generated a consistent 5–10 qualified leads per week and converted outreach into 3 discovery meetings with US decision-makers.
 - Set up and maintained sender domain health (SPF, DKIM, DMARC) and mailbox warm-ups to protect deliverability across multiple sending domains.
 - Pivoted the practice to the Shopify/e-commerce space — analyzing online stores for technical issues (checkout friction, mobile page speed) and connecting owners with vetted web development agencies.
-

Skills

- **Outbound & Sales:** B2B Lead Generation, Cold Outreach, Prospecting, Lead Qualification, A/B Testing, Email Deliverability
 - **Sales Tech & AI:** LinkedIn Sales Navigator, Apollo.io, Instantly.ai, ChatGPT (prompt engineering), Make.com (automation)
 - **Technical:** Python (basic scripting & data extraction), domain/email system setup
 - **AI/Agentic Tooling:** hands-on setup and use of Claude, Antigravity CLI for workflow automation
 - **Languages:** English (Fluent), Spanish (Fluent), Russian (Native)
-

Education

BSc, Multimedia Engineering — University of Alicante, 2025–2029 (Expected) *Flexible/part-time schedule, structured to accommodate full-time remote work.*

Availability & Work Authorization

- **Availability:** Immediate start, full-time / part-time / contract
- **Work Authorization:** Full work authorization in Spain (national residence + work permit; does not confer EU-wide work authorization)
- **Location Preferences:** Remote (EU & US timezones), based in Spain; On-site/Hybrid — Alicante area
