Role: Sales Representative

Dear Hiring Team,

As an independent, remote-first B2B sales professional with a proven track record of systematically generating business opportunities, I am excited to apply for the Sales Representative contract role at Kaditham.

Over the past year, I built and managed an outbound lead generation practice (CLG Project) from the ground up. I sourced and evaluated over 500 decision-makers, utilizing tools like Apollo.io, LinkedIn Sales Navigator, and rigorous CRM management (HubSpot and Salesforce) to structure my activities. By executing highly personalized, A/B-tested digital outreach campaigns, I consistently generated 5–10 qualified leads per week and secured 3 discovery meetings weekly. I am highly comfortable working independently and meeting strict targets in a remote setting.

My expertise is highly focused on top-of-the-funnel pipeline generation and early-stage discovery rather than full-cycle contract closing or high-volume phone outreach. However, my disciplined approach to digital prospecting (Email/LinkedIn), combined with my analytical ability to match client needs with appropriate solutions, ensures that I build strong trust through remote channels and deliver highly qualified commercial opportunities.

I would welcome the opportunity to discuss how my disciplined prospecting engine can support Kaditham's growth.

Sincerely,

Daniil Kotelevets
