Role: Sales Development Representative (SDR) / Business Development Representative (BD)

Dear Hiring Team,

With a deep sense of ownership and a proven track record in B2B pipeline generation, I am incredibly excited to apply for the SDR/BDR role on behalf of your high-growth clients. I am highly structured, fiercely goal-oriented, and I thrive in fast-paced environments where success is driven by resilience and persistence.

Over the past year, I have successfully built and operated an independent B2B lead generation practice from scratch. Acting as the first point of contact for potential customers, I identified and prospected over 500 B2B targets using structured outbound activities via LinkedIn and cold email. By continuously qualifying leads and assessing business needs, I systematically booked discovery meetings for senior stakeholders. I am highly disciplined in managing and maintaining the sales pipeline within modern CRM systems like Salesforce and HubSpot, and I continuously A/B test my messaging to improve conversion rates.

While my previous outbound success relied predominantly on written channels, my resilience and willingness to learn mean I am fully prepared to incorporate high-volume cold calling into my daily outreach strategy. As an EU citizen, I am fully authorized to work in Germany without sponsorship, and I am highly motivated to relocate to Berlin to join your client's team in a hybrid capacity.

I would welcome the opportunity to discuss how my competitive edge can generate new business opportunities for your fast-growing clients.

Sincerely,

Daniil Kotelevets
