Role: Business Development Specialist

Dear David,

As an independent Business Development Specialist based in Spain with a strong background in digital B2B lead generation, I am writing to express my interest in joining Kooling. Your need for a proactive professional to generate a continuous flow of appointments with executives aligns perfectly with the outbound infrastructure I run daily.

Over the past year, I have operated my own B2B lead generation practice (CLG Project) as a self-employed professional. Using LinkedIn Sales Navigator, Apollo.io, and rigorous data profiling, I successfully sourced and qualified over 500 decision-makers. By designing highly targeted Email and LinkedIn campaigns, I generated a consistent 5–10 qualified leads per week and secured 3 discovery meetings weekly with C-level executives. I meticulously track all prospecting activities and pipeline data in HubSpot and Salesforce.

My expertise is highly focused on the top-of-the-funnel: researching target segments, qualifying corporate needs, and securing high-value meetings for technical and management teams to take forward. As a fluent Spanish and English speaker residing in Alicante, I have a strong understanding of the local market and am fully equipped to operate as an independent professional to help Kooling expand its footprint in Spain.

Sincerely,

Daniil Kotelevets
