Professional Summary

Highly proactive and autonomous B2B Lead Generation Specialist (Freelance) based in Spain, fluent in both Spanish and English. Deeply passionate about AI and digital transformation, operating completely remotely with a highly flexible schedule. Proven expertise in data-scraping, qualifying prospects, and booking discovery meetings for B2B solutions. Eager to partner on a results-based, commission-only basis to accelerate client acquisition for AI and automation consulting services.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote, targeting US-based companies

- Wrote and A/B tested cold email sequences using AI copywriting tools (ChatGPT), iterating on subject lines and CTAs to improve open and reply rates.
 - Built and ran an end-to-end outbound system from scratch — prospect sourcing, list enrichment, campaign sequencing, and inbox/domain infrastructure.
 - Sourced and qualified 500+ B2B prospects using structured ICP criteria and data-scraping workflows to identify high-value decision-makers.
 - Proactively managed outbound campaigns, generating a consistent 5–10 qualified leads per week and securing 3 scheduled discovery meetings with business owners.
 - Accurately tracked prospect interactions, follow-ups, and commercial opportunities utilizing CRM platforms (HubSpot / Salesforce).
 - Set up and maintained sender domain health (SPF, DKIM, DMARC) and mailbox warm-ups to protect deliverability across multiple sending domains.
