Professional Summary

B2B Lead Generation Specialist with a proven track record of building outbound pipelines from scratch and booking discovery meetings with US decision-makers. Highly self-directed and technical, utilizing AI tools and data-driven prospecting to qualify leads and optimize outreach. Eager to bring this autonomous execution and systematic CRM workflow management to Paladin Business to drive new pipeline and connect clients with significant cost savings.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote

- Built and ran an end-to-end outbound system from scratch—prospect sourcing, list enrichment, campaign sequencing, and inbox/domain infrastructure—with no team or budget support.
 - Sourced and qualified 500+ B2B prospects using structured ICP criteria and data-scraping workflows, then segmented them for highly targeted outreach.
 - Generated a consistent 5–10 qualified leads per week and successfully converted outreach into 3 discovery meetings with US decision-makers.
 - Wrote and A/B tested outbound sequences using AI copywriting tools, iterating on messaging and CTAs to improve engagement rates.
 - Set up and maintained sender domain health (SPF, DKIM, DMARC) and mailbox warm-ups to protect deliverability across multiple sending domains.
 - Originally targeted US-based Home Services companies before pivoting to the Shopify/e-commerce space to analyze conversion issues and connect owners with agency partners.
-

Skills

- **AI/Agentic Tooling:** hands-on setup and use of Claude, Antigravity CLI for workflow automation
