To: Hiring Team

Company: Peak Claims Group, Inc.

Role: Sales Development Representative

Dear Hiring Team,

I am writing to apply for the Sales Development Representative position at Peak Claims Group, Inc. I excel at researching target markets and structuring consistent outreach to generate new business opportunities, and I am highly motivated to bring this structured prospecting approach to your remote sales team.

Through my independent B2B lead generation practice (CLG Project), I took full ownership of the outbound pipeline. I built custom data-scraping workflows to identify over 500 B2B prospects, carefully tailored my messaging to their specific needs, and generated a consistent 5–10 qualified leads per week. By managing every interaction meticulously in Salesforce and Apollo.io, and following up consistently, I successfully converted cold outreach into 3 booked discovery meetings with US executives.

While I do not have prior experience in the insurance or claims management industry, my proven ability to quickly learn new markets allows me to adapt my messaging effectively. Furthermore, while my outbound methodology relies exclusively on high-volume digital channels (Email and LinkedIn) rather than cold calling, this highly data-driven approach enables me to consistently secure qualified meetings with key decision-makers. I look forward to the opportunity to contribute to your team's pipeline goals.

Sincerely,

Daniil Kotelevets
