To: Hiring Team, Post Perfect LLC

Role: Business Development Representative

Dear Hiring Team,

As a highly motivated independent contractor with direct experience selling website design and digital marketing services, I was immediately drawn to this opportunity at Post Perfect. For the past year, my entire focus has been on researching small and mid-sized businesses, evaluating their online presence, and connecting them with specialized web development and CRO agencies. Because I already understand how to sell creative and professional digital services, I am confident I can immediately start driving growth for Post Perfect.

Through my independent lead generation practice, I built a highly organized outbound pipeline from scratch. Utilizing tools like Apollo.io, Instantly.ai, and LinkedIn Sales Navigator, I generated my own opportunities through consistent, scalable digital outreach. Beyond relying solely on company-generated leads, I can bring a disciplined outbound prospecting engine to Post Perfect to generate additional recurring marketing clients and high-ticket website projects.

Once a prospect engages, I manage the relationship meticulously within HubSpot. I am highly comfortable conducting introductory calls with business owners, determining their specific digital needs, and following up relentlessly to move qualified prospects toward closing. I thrive in performance-based roles where compensation is tied directly to my consistency and drive.

Currently pursuing a BSc in Multimedia Engineering, I possess a strong technical understanding of web design, SEO, and digital marketing, allowing me to speak credibly with decision-makers. I am fully equipped to operate as a remote 1099 contractor and would welcome the opportunity to discuss how I can help grow Post Perfect's client base.

Sincerely,

Daniil Kotelevets
