Professional Summary

Proactive and autonomous B2B Appointment Setter based in Spain, fluent in Spanish and English. Strong background in qualifying leads and scheduling discovery meetings specifically with local businesses and service providers. Highly comfortable operating independently on a 100% variable/commission basis and eager to transition proven pipeline generation skills into high-volume outbound calling. Deeply familiar with utilizing AI tools to optimize commercial processes.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote, targeting local B2B service providers

- Wrote and A/B tested cold email sequences using AI copywriting tools (ChatGPT), iterating on subject lines and CTAs to improve open and reply rates.
 - Sourced and qualified 500+ B2B prospects (specifically local businesses and service providers) using structured ICP criteria and data-scraping workflows.
 - Proactively managed the sales pipeline, generating a consistent 5–10 qualified leads per week and converting interest into 3 scheduled discovery meetings with business owners.
 - Built and ran an end-to-end outbound system from scratch — prospect sourcing, list enrichment, campaign sequencing, and inbox/domain infrastructure.
 - Managed prospect data, logged commercial activity, and tracked follow-ups utilizing CRM platforms (HubSpot / Salesforce).
 - Set up and maintained sender domain health (SPF, DKIM, DMARC) and mailbox warm-ups to protect deliverability.
