Professional Summary

Self-motivated B2B Appointment Setter with a proven track record of identifying potential clients and booking qualified demo appointments with senior decision-makers (directors, founders, and owners). Highly proficient in modern CRM software and pipeline management. Adept at working autonomously in a remote setting to execute highly structured, data-driven outreach strategies that consistently generate qualified SaaS and B2B leads.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote.

- Identified and contacted potential B2B clients, successfully booking qualified discovery and demo appointments directly with senior executives and business owners.
 - Conducted proactive, highly structured outbound outreach campaigns via Email and LinkedIn, consistently generating a pipeline of 5–10 qualified leads per week.
 - Maintained meticulously accurate records of all client interactions, prospect statuses, and appointment schedules using CRM software (Salesforce, Apollo.io, HubSpot).
 - Communicated clearly and confidently with senior managers to understand their operational bottlenecks and present relevant B2B value propositions.
 - Worked autonomously in a fully remote environment, leveraging data-scraping and targeted lead lists to ensure high conversion rates for appointment scheduling.
 - Configured underlying outreach infrastructure (SPF, DKIM, DMARC) to guarantee deliverability and ensure professional, reliable client communications.
