

Dear Hiring Team,

I am writing to express my interest in the Business Development Representative EMEA position at Stanley Black & Decker for the CribMaster division. With my fluency in English, Spanish, and Russian, and a hands-on background in B2B lead generation, I am eager to help drive qualified pipeline and support your team across the EMEA region.

Through my independent practice (CLG Project), I built and ran an end-to-end outbound system from scratch. I am highly comfortable with the tools required for structured, multi-channel prospecting, including Salesforce, LinkedIn Sales Navigator, and automation platforms like Make.com. I recently sourced and qualified 500+ B2B prospects using structured ICP criteria, writing and A/B testing cold email sequences to generate a consistent 5–10 qualified leads per week.

While my direct experience has been in the B2B e-commerce space rather than aerospace or manufacturing, I've built hands-on fluency with B2B lead generation, CRM workflows (Salesforce), and targeted multi-channel outreach through building my own outbound infrastructure. Furthermore, as a Multimedia Engineering student, I possess strong technical literacy that allows me to quickly learn new software solutions and intelligently discuss operational challenges. I am eager to bring this proactive prospecting approach into the industrial asset management space.

I am highly self-disciplined, accustomed to working remotely, and ready to apply my multilingual communication skills to map out multi-stakeholder buying groups in EMEA. Thank you for considering my application. I look forward to the opportunity to discuss how my outbound skills can support the growth of CribMaster's sales team.

Sincerely,

Daniil Kotelevets [linkedin.com/in/daniil-kotelevets-1a470a296](https://www.linkedin.com/in/daniil-kotelevets-1a470a296) dkotelevets2007@gmail.com +34 698 996 086
