Professional Summary

Results-driven Business Development Representative specializing in B2B pipeline generation across the EMEA region. Expert in leveraging AI and automation tools (Python, Make.com, Claude) alongside advanced CRM management (Salesforce, Apollo.io) to execute highly targeted, multi-channel outbound campaigns. Fluent in 3 European languages (English, Spanish, Russian), with a strong technical background and a proven ability to map complex accounts, nurture long sales cycles, and engage senior stakeholders.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote.

- Engineered an AI-augmented outbound lead generation engine, utilizing automation tools (Make.com, Python) and LLMs to identify target accounts, personalize messaging, and significantly scale pipeline generation.
- Conducted structured, multi-channel prospecting (Email, LinkedIn Sales Navigator) across EMEA and US markets, successfully booking discovery meetings with senior executives.
- Maintained strict CRM hygiene in Salesforce and Apollo.io, meticulously tracking outreach activity, response rates, and pipeline progression to provide accurate lead generation metrics.
- Built early-stage business cases by analyzing customer pain points and nurturing strategic B2B prospects through long sales cycles until qualified.
- Managed technical outbound infrastructure (SPF, DKIM, DMARC) to ensure high deliverability and professional communications across all campaigns.
- Operated highly autonomously in a remote setup, continuously monitoring market trends and A/B testing AI-driven campaigns to maximize conversion ratios.
