To: Hiring Team

Company: Summit Sky Consulting

Role: Client Sales Representative (Entry Level and Fully Remote)

Dear Hiring Team,

As an independent lead generation specialist with hands-on experience targeting the US B2B market, I am highly motivated to join Summit Sky Consulting as a Client Sales Representative. I am deeply accustomed to remote flexibility and uncapped, commission-based compensation structures, making me an ideal fit for your performance-driven environment.

Over the past year, I successfully built and managed my own independent B2B sales pipeline from scratch. Working completely autonomously, I sourced and qualified over 500 US-based prospects. By initiating professional conversations via email and LinkedIn, I consistently generated 5–10 qualified leads per week and scheduled discovery meetings for senior stakeholders. This independent experience has ingrained in me the self-motivation, goal-oriented mindset, and rigorous CRM discipline (Salesforce, HubSpot) necessary to thrive in an uncapped commercial role.

While this is an entry-level opportunity and I already bring practical B2B prospecting experience to the table, I am extremely eager to learn and follow your proven client acquisition processes. I welcome your comprehensive training and ongoing mentorship to transition my pipeline generation skills into long-term client sales success. I am a clear communicator, highly resilient to rejection, and ready to collaborate with your team to achieve ambitious targets.

I would welcome the opportunity to discuss how my independent work ethic and prospecting skills can translate into immediate results for Summit Sky Consulting.

Sincerely,

Daniil Kotelevets
