Role: Independent Sales Representative

Dear Hiring Team,

I was deeply inspired by Versedia's social impact mission to preserve the life stories of the elderly. Operating as an independent contractor (*autónomo*) based in Spain, I specialize in B2B consultative lead generation, and I am highly motivated to leverage my prospecting infrastructure to help you open new doors nationwide.

Working entirely autonomously, I recently built an outbound pipeline from scratch, sourcing and qualifying over 500 B2B prospects. Rather than relying on a static pre-existing network, my strength lies in active, highly targeted prospecting and constant follow-ups. Through rigorous market segmentation and CRM management, I generated a consistent 5–10 qualified leads per week and secured 3 discovery meetings with busy decision-makers. My workflow guarantees that I bring real, qualified opportunities to the table—not just lists of contacts.

I am fully set up to invoice from Spain and thrive in collaborative, non-exclusive models where compensation is tied directly to results. I would welcome the opportunity to discuss how my disciplined B2B prospecting can help connect Versedia with the right institutional and private partners across the country.

Sincerely,

Daniil Kotelevets
