Professional Summary

Highly driven and independent Business Development Partner based in Europe (Spain) with strong expertise in B2B SaaS, outbound sales, and workflow automation. Proven ability to build and manage a cold outbound pipeline from scratch using Email and LinkedIn, leveraging AI and automation tools (Make.com, Instantly.ai) to drive consistent prospect engagement. Eager to partner with VividLogic on a commission-only basis to generate high-ticket opportunities in the software and AI automation space.

Experience

Founder & Lead Generation Specialist — CLG Project

Jul 2025 – Present | Independent practice, remote

- Acted as an independent B2B contractor, building a highly structured, self-directed cold outbound sales motion to connect target clients with high-ticket digital services and agency solutions.
- Researched and identified potential B2B prospects, sourcing over 500 decision-makers and segmenting them based on operational challenges and digital maturity.
- Developed and executed multi-channel cold outreach campaigns (Email and LinkedIn), engineering complex workflow automations via Make.com and Instantly.ai to streamline prospecting.
- Conducted discovery calls with business owners to understand operational friction, successfully booking 3 high-value commercial meetings and mapping solutions to their business problems.
- Maintained a highly organized CRM (HubSpot/Salesforce) to track lead qualification, follow-ups, and pipeline progression through the sales cycle.
- Specifically focused on identifying workflow friction within e-commerce brands and connecting them with web development and conversion rate optimization (CRO) agencies.
